Dean Lacap Lacap

Software Engineer

I'm a software engineer with an entrepreneurial background. I have experience in Ruby on Rails, Flask, Node, SQL, MongoDB, Postgres, React, Redux, Ruby, Python, JavaScript. I can be an independent contributor along the entire stack from front end to back end with databases, ORM's, API endpoints, or front-end React components. I'm a team-player and go-getter. Let's build optimized, efficient, and highly scalable products!
